

Maybank Group Engagement Event (MGEE) 2023

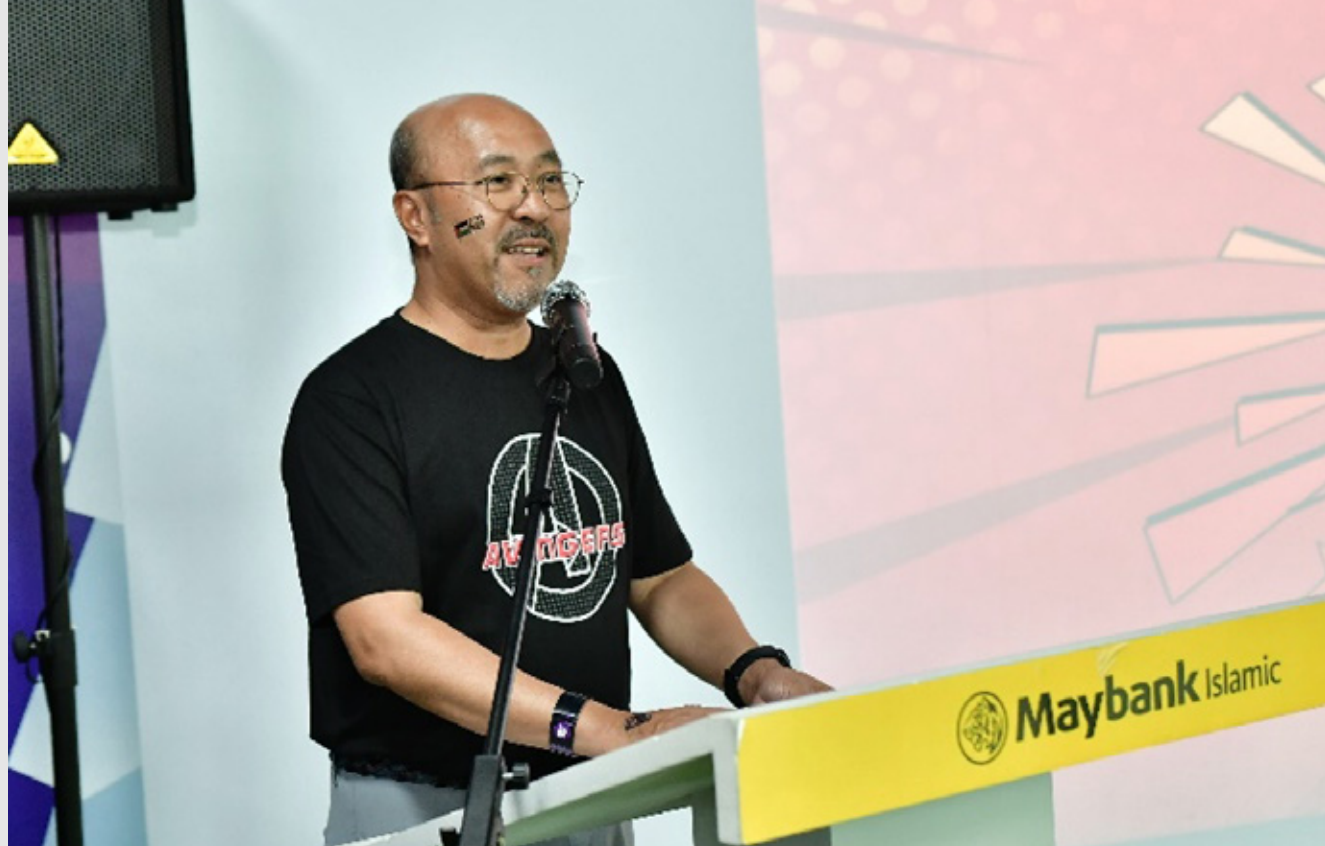

The Maybank Group Engagement Events (MGEEs) are one of Maybank's initiatives to strengthen organisational culture by recognising the achievements and celebrating the talents of Maybankers Group-wide.

Conducted between August and December of last year, the 2023 MGEEs brought Maybankers together under the theme of 'Accelerating the Tempo from Good to Great'. Read on to find out how the various sectors celebrated their respective MGEEs.

INNER CHILD'S SUPERHEROES SPIRIT: MGEE GROUP ISLAMIC BANKING 2023

On 25 November 2023, an exciting event unfolded at SuperPark, Avenue K, where 146 MIBians gathered for Maybank Islamic MGEE 2023, led by former Maybank Islamic CEO, Dato' Mohamed Rafique Merican.

For this year's MGEE, everyone was encouraged to channel their inner child's superheroes spirit, with participants donning superhero costumes, transforming the venue into a colourful spectacle of capes and masks. Fun and competitive games were prepared for all to participate to further instill the TIGER values that we are proud of.

In his welcoming remarks, Dato' Rafique highlighted,

"At Maybank Islamic, MGEE has always been a gathering of all of us in a setting of fun and games, where we'd put our minds together as a team to strategise how best to gain as much points to beat the other groups, but in a competitive and fun spirit. As we strive towards achieving our M25+ aspirations, platforms like our MGEEs are crucial for us to re-connect and re-align, on this journey towards our goals, inspire as well as elevate each other from good to great."

The session not only fostered team spirit but also allowed MIBians to unwind and embrace a day of playfulness, reinforcing the idea that everyone can be a superhero in their own unique ways. Furthermore, in living up to the MGEE theme of 'Accelerating the Tempo from Good to Great', the competitive teambuilding format session pushed the teams to embrace continuous learning, technology, resilience, and collaboration to enhance productivity and problem-solving in order to transition from good to great.
